½ Chest	35 cm	37.5 cm	40 cm	42.5 cm	45 cm	47.5 cm	50 cm
Waist	16 in	18 in	20 in	22 in	24 in	26 in	28 in

STYLE INFORMATION

COLLAR STYLES

All six collar styles are available on all jersey fit options, both men's & youth.

SHORT SLEEVES

Dominate, Drive, Disrupt and Evo fits are all available with short sleeves as standard.

LONG SLEEVES

Only Disrupt regular fit jerseys are available with a long sleeve option.

REVERSIBLE SHIRTS

Disrupt regular fit jerseys are now also available as a reversible style, consisting of any two rugby designs in our range*.

NUMBER STYLES

We offer a range of number and letter styles to compliment your jersey, all of which can be coloured to match your kit.

*Please limit the use of white in your design as this will result in shadowing from the reverse print.

HOW TO MEASURE

Half chest measured 2cm down from the under arm seam when garment is laid flat

ELITE COLLAR

SUBLIMATION

The majority of our rugby shirts use sublimation to apply the colour to the fabric. This process allows us to use almost any colour in the Pantone colour library for your kit design. Sublimation also means that sponsor logos and playing numbers are printed into the garment, so there are no additional decoration costs. This applies across all our sports - look out for the Sublimation logo beneath each product.

Gradients and prints can also be applied to further enhance your Under Armour kit. See our range of prints below for more ideas. Prints can be applied to all sublimated playing kit across all sports.

COOLMAX

KEEPS YOUR FOOT COOL, DRY & COMFORTABLE.

WHAT IS COOLMAX?

With proven moisture management benefits, Coolmax helps the wearer to remain cool in all situations, ensuring maximum comfort. The Coolmax sock moves moisture away from the foot, resulting in enhanced drying times to keep your foot cool and dry. The performance of the Coolmax sock is a result of the fibre structure, so our socks will continue to perform wash after wash. Our new reversible top sock features updated vents, improved sole padding and improved ankle support to maximise comfort and help improve your performance.

UNDER ARMOUR NUMBERS, LETTERS & LOGO DETAILS

NUMBERS & LETTERS

Choose from three styles of number/letter to compliment your on field garments. Whether you're looking for a college style number, a clean, modern typeface, or something more classic, our three styles fit perfectly with our teamwear ranges.

Solid
(1 Colour)

Solid
(1 Colour)

Solid
(1 Colour)

Two Tone
(2 Colour)

Two Tone
(2 Colour)

Two Tone
(2 Colour)

20cm numbers are recommended for the back of both performance and regular fit jerseys, shirts and tops, 5cm numbers for shorts, trackpants, or chest and sleeve positions.

Names can be added across the back shoulders, or as initials on the sleeve/chest. These are available in 5cm and 7cm high lettering. If necessary, we reserve the right to adjust the size/layout of logos, numbers and lettering to fit the garment in the most attractive way possible.

Numbers and names can be sublimated into any of our on-field sublimated garments. There is no additional cost to the garment, and colours can be specified from our 12 core colours, or Pantone (PMS) colours of your choice.

NETBALL PATCHES

Complete your netball kit with a set of UA netball patches. Our patches are fully sublimated to compliment the colour of your dresses or tops. For sublimation, we use the Pantone colour library, allowing us to use almost any colour in your teamwear designs.

PATCH SPECIFICATION

Dimensions: 185mm (w) x 220mm (h)

Colour: Sublimated (all colours available)

Quantity: A full set contains 14 patches (7 positions)

Velcro: 2cm velcro to attach to dresses/tops

EMBROIDERY

A full embroidery service is available for your crest or logo.

If the logo is already set up, the electronic version (the embroidery disc or DST file) will need to be submitted with the order, as well as details of the colours required. Madeira thread shades must be provided, otherwise standard Under Armour colours will be used.

If the logo is not set up electronically, we will require a high resolution logo in order to set up the disc for you. Please explain how you want your logo to appear on both dark and light backgrounds, as well as giving adequate sizing information. You will receive a copy to approve before production.

HEATSEAL & THERMO PRINT

Screen printing and thermo printing are available on selected items. For best results, we require a high resolution logo to be sent to us electronically.

Suitable formats include:

Ai - Adobe Illustrator file

EPS - Vector format

PDF/JPEG - High resolution (300dpi+)

For logos containing text, please provide us with the font name if possible. Pantone (PMS) colours must also be submitted. If no pantone colours are specified, standard Under Armour colours will be used.

Crests and logos can be sublimated into any of our sublimated garments at no additional cost. We still require high quality logos for sublimation, so please use the above points as a guide.

Some fabrics are better suited to some applications methods than others. If you are unsure about choosing the best logo application method, please contact your Under Armour sales representative for more information.

IMPORTANT NOTE: Please ensure you have all necessary permissions before using any logos or imagery. Under Armour Team-sports can not accept any responsibility for the unauthorised use of third party logos or images. Under Armour Team-sports reserve the right to refuse to apply any name or logo considered offensive or unsuitable.
